# VERTICAL SHEER SHADE

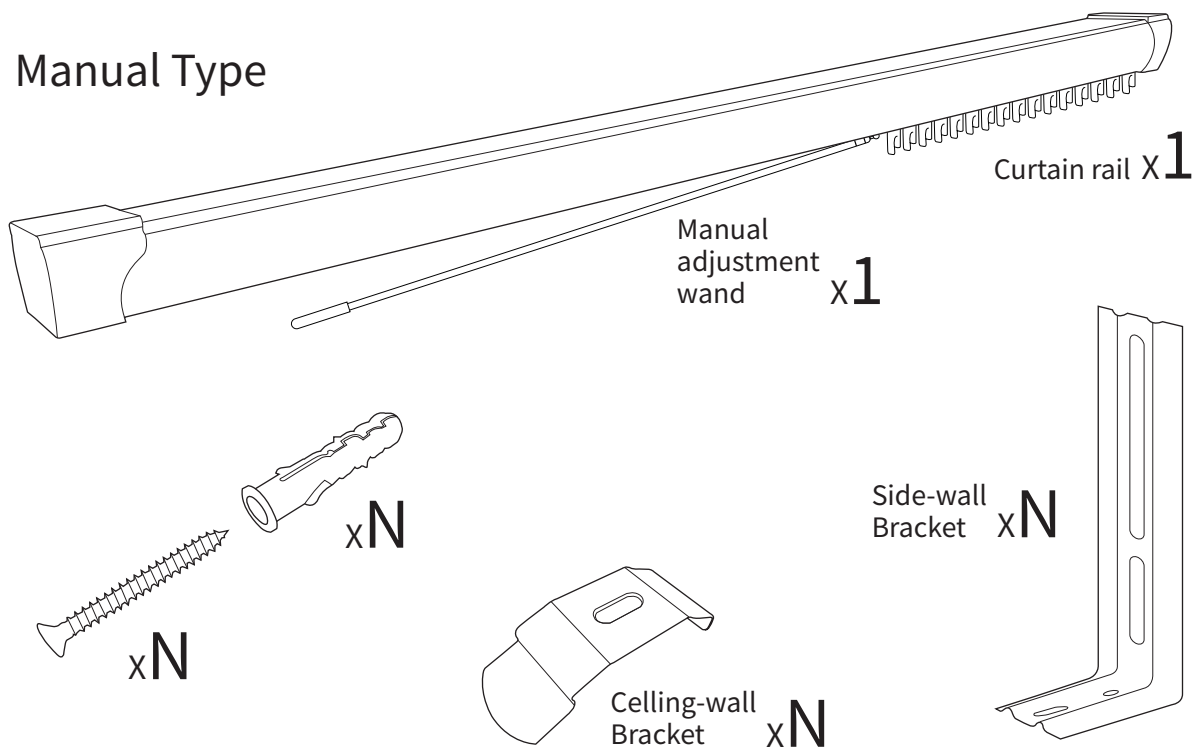

Comfortable Home

# TOOLS

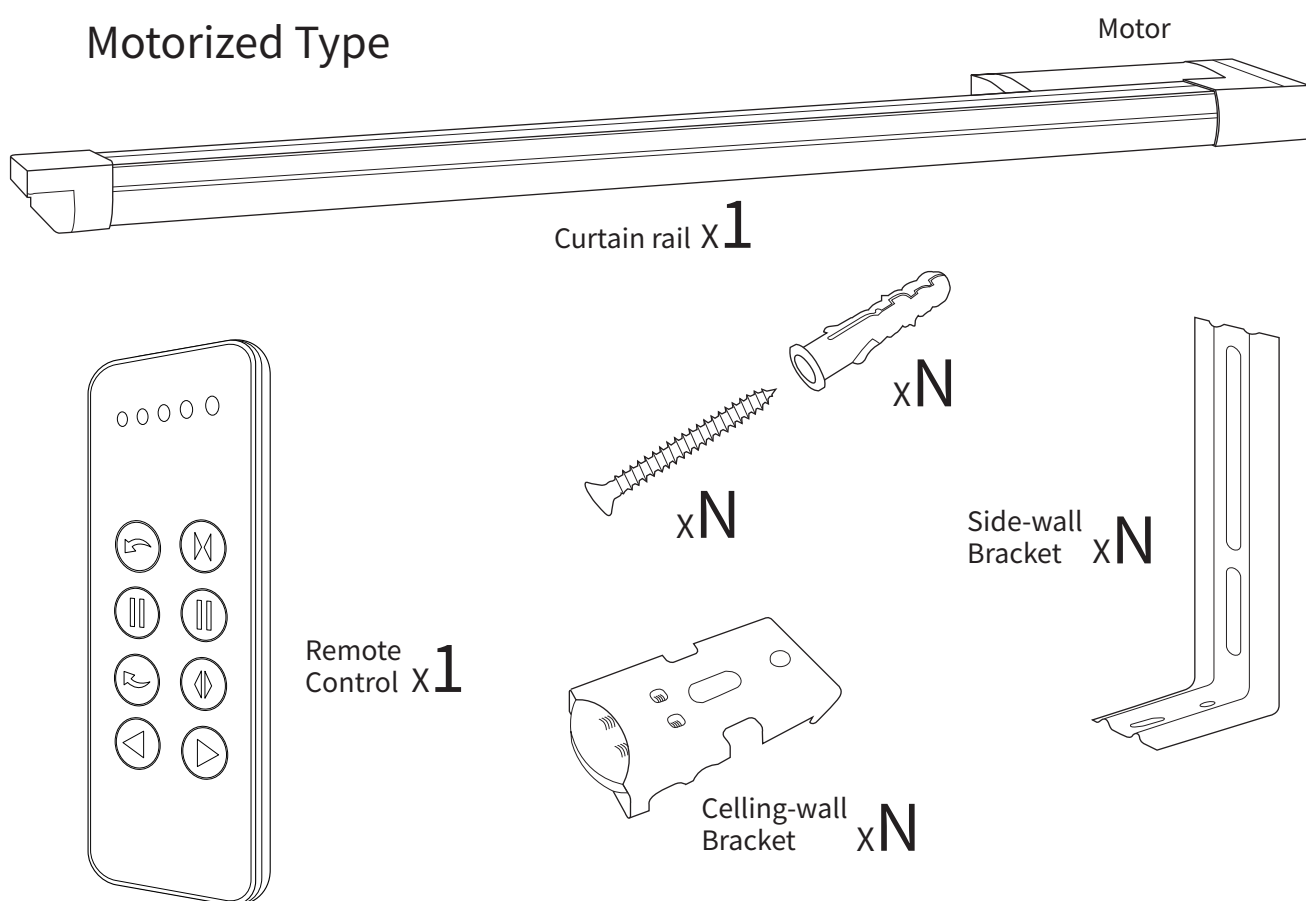

Required for installation

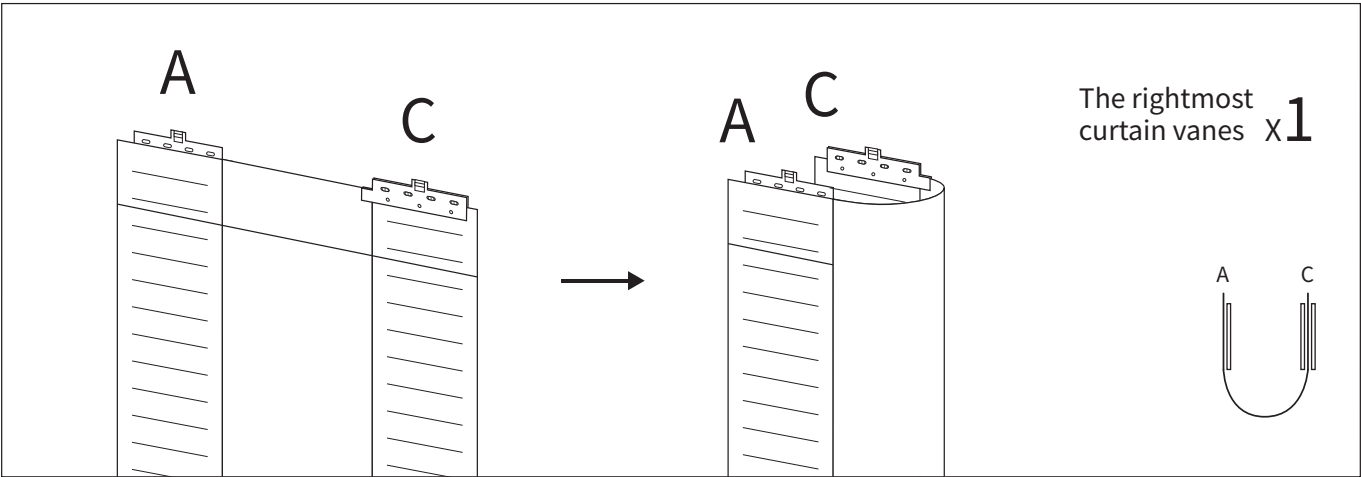

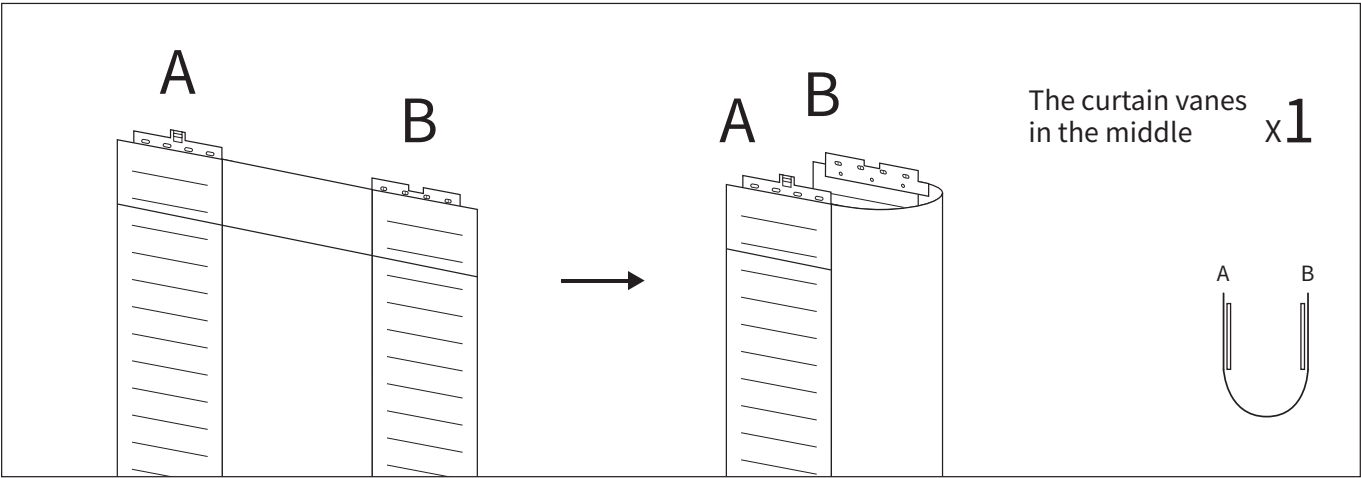

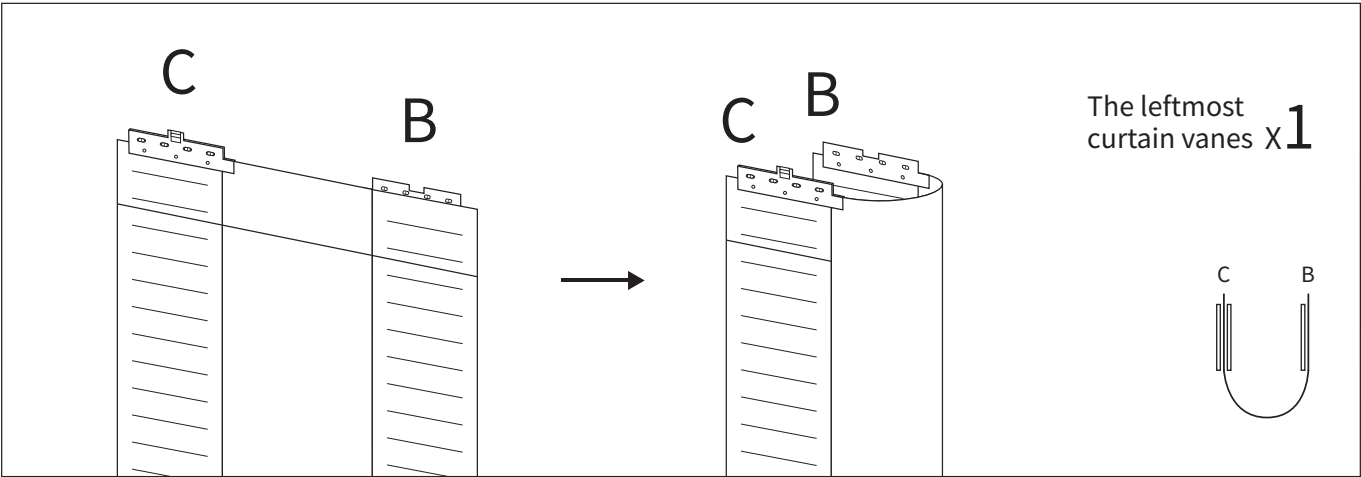

## Manual Type

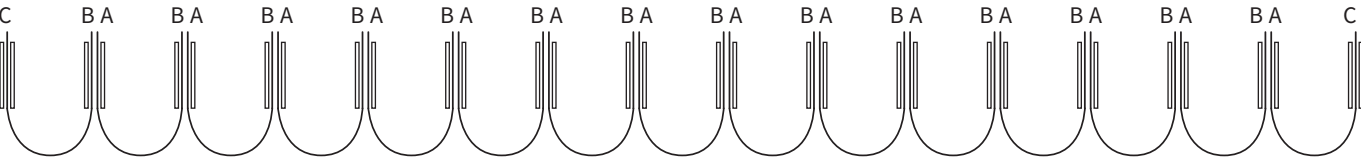

## Motorized Type

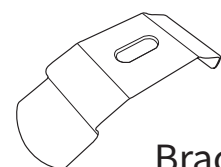

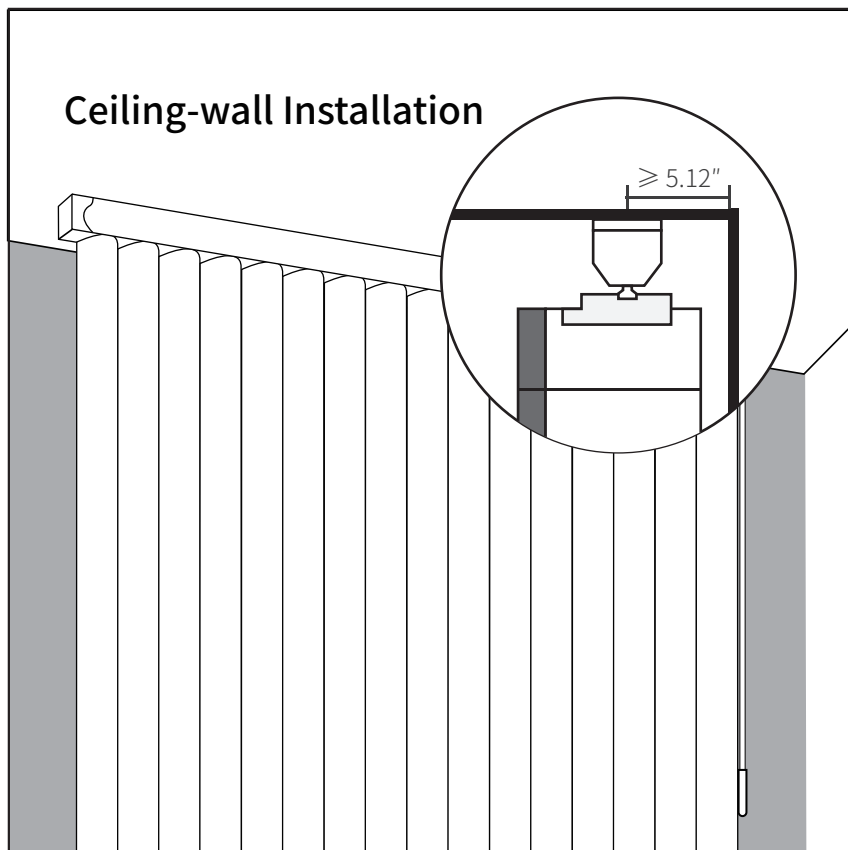

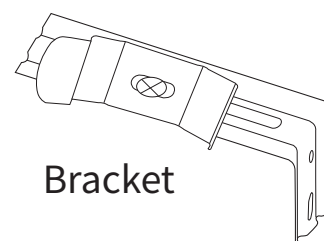

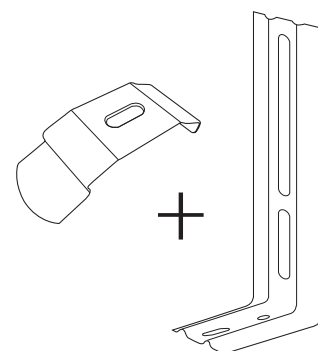

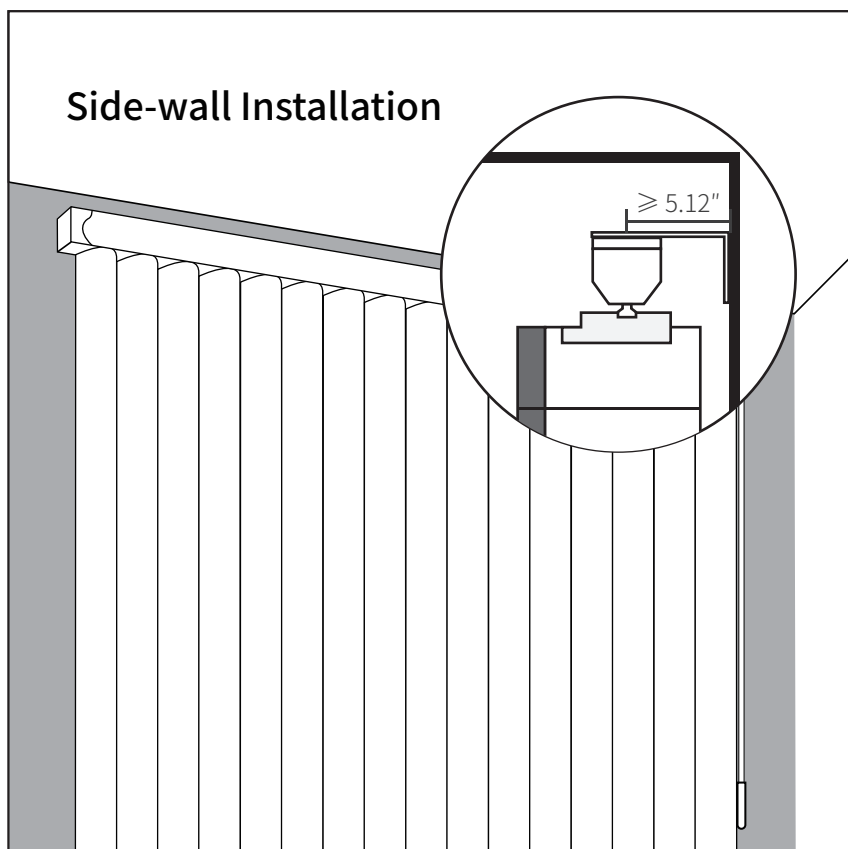

# Assembly diagram

The width and the height of the finished product will be 1cm / 0.4" shorter than order width and height.

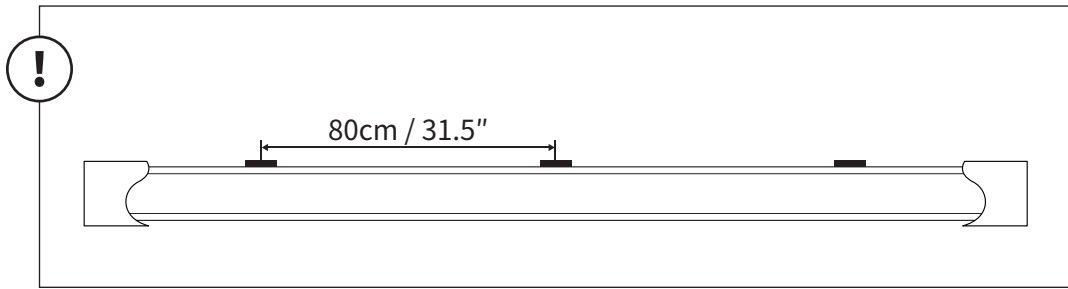

Bracket

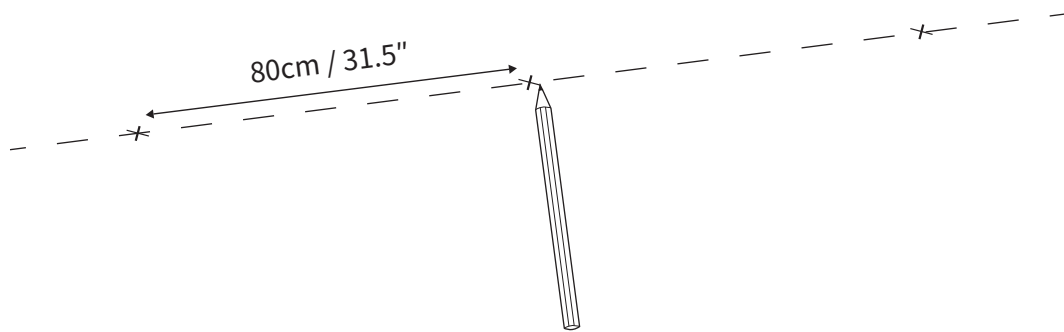

Bracket

# 1

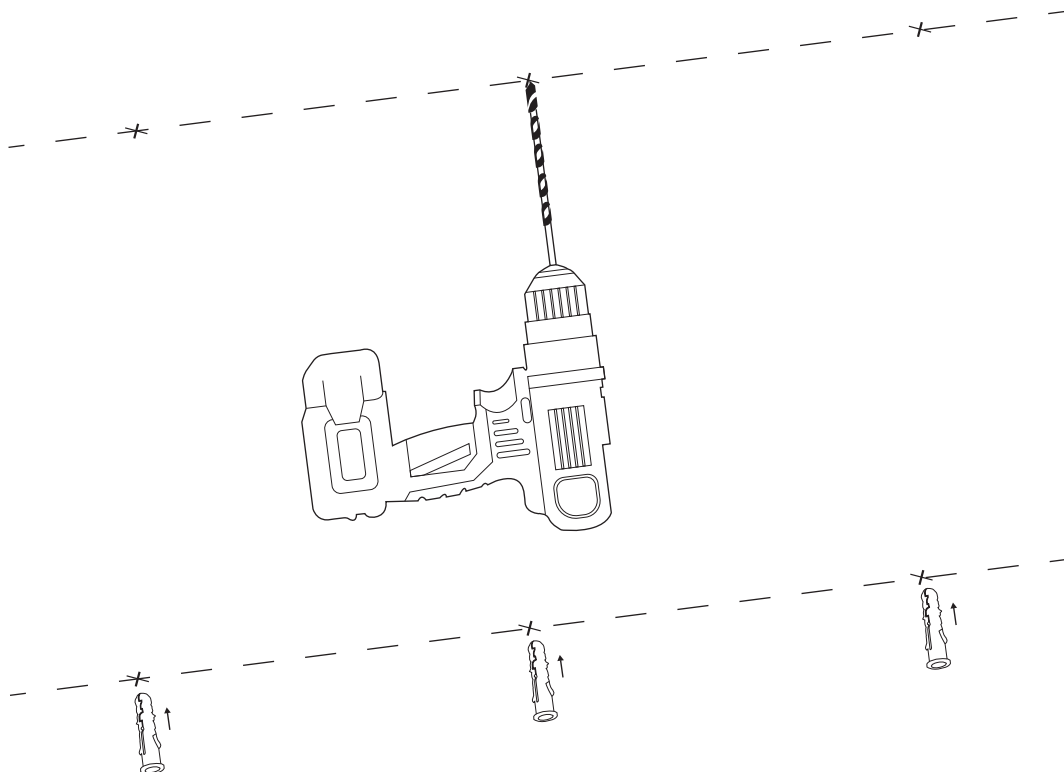

Measure and mark the punching position to ensure that the holes are in the same straight line.

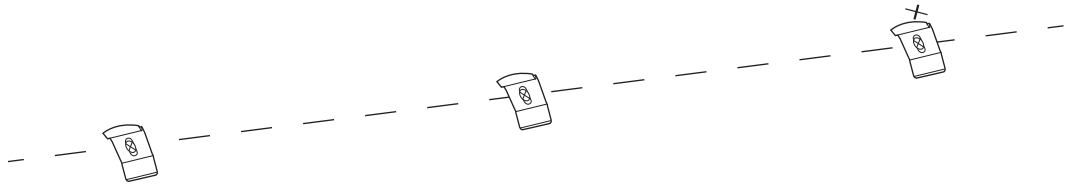

# 2

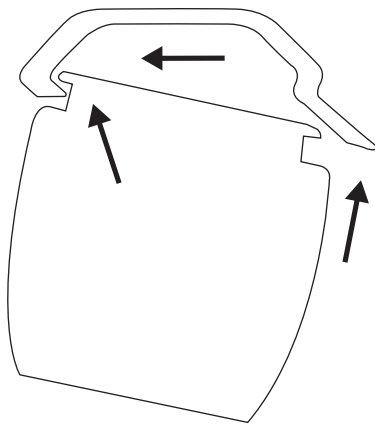

Drill holes with an electric drill and place the plastic drywall wall anchors screws. Ordinary screws can be used directly if it is a wooden wall.

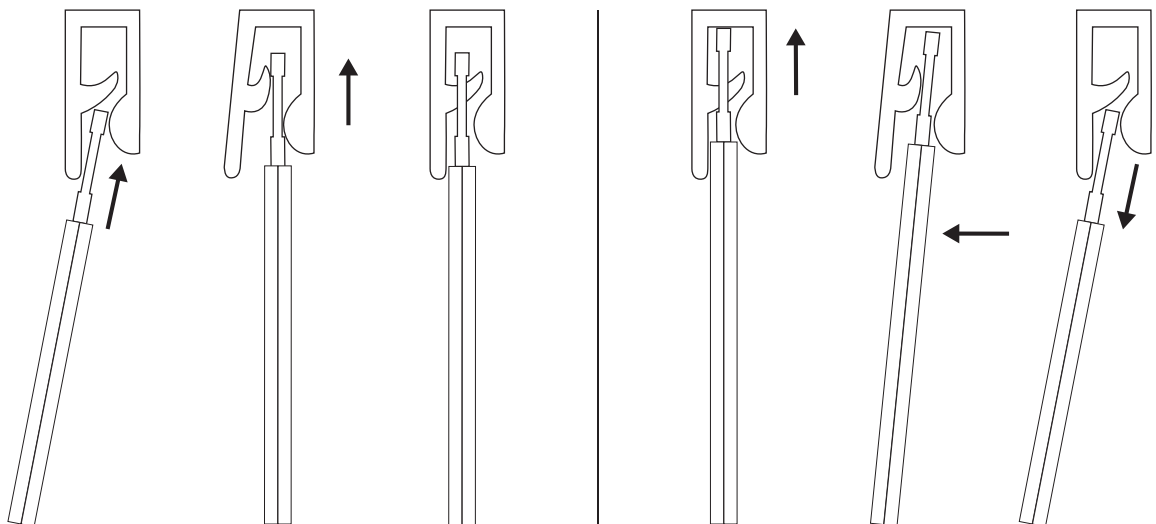

- 3** Remove the brackets from the curtain rail and fix them to the marked position with screws.

- 4** Hang the curtain rail on the brackets and fasten it.

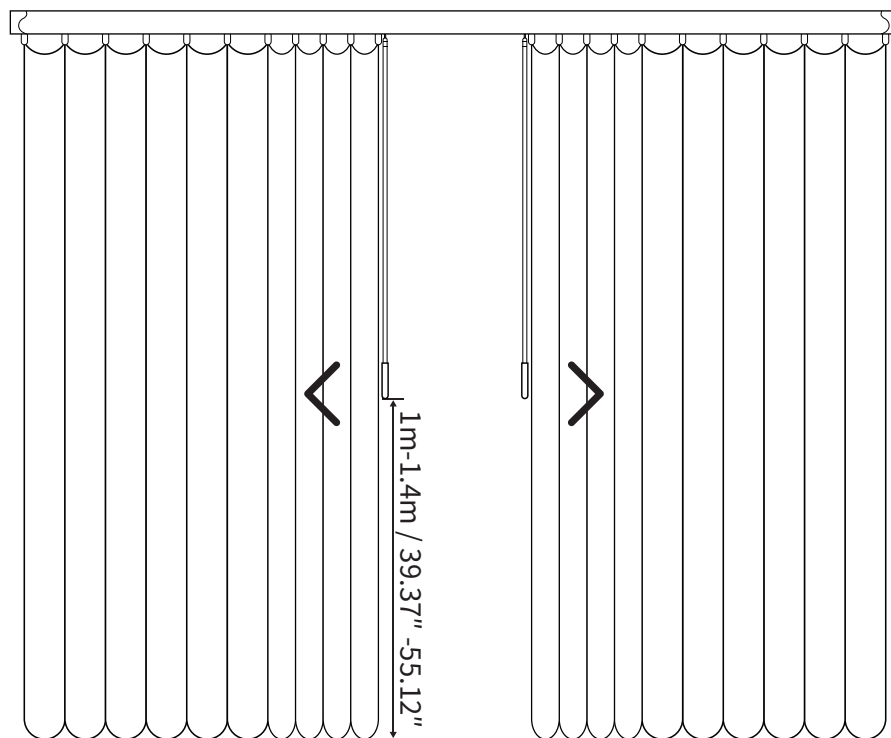

- 5** Hang the assembled curtain vanes on the curtain rail (See P3 for curtain vanes assembly method).

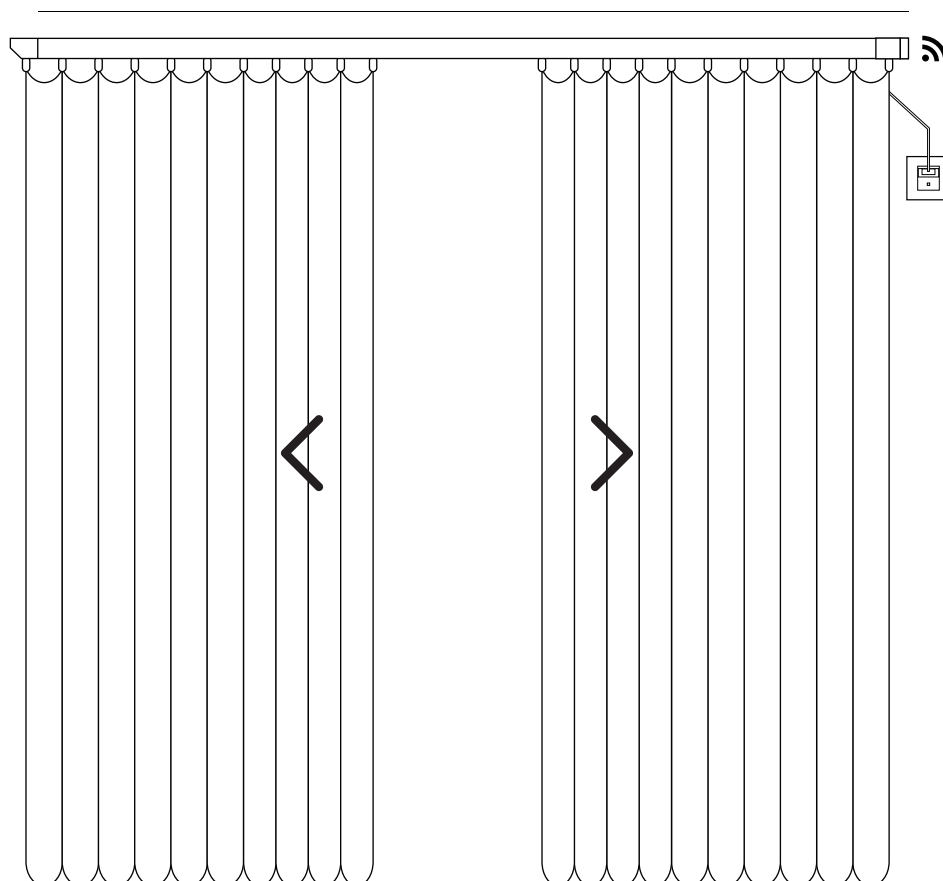

The curtain vanes can be disassembled to clean.

- 6 The manual type has been installed at this step, the motorized type needs to be connected to the power supply.
